BUILD CHANGE  
THROUGH THE  
ART OF FILM**

## what we stand for

The Social Justice Film Institute is a home for social justice film, bringing together cinema and conversation for the common good. We foster the power of film to activate, raise awareness, and build community relationships across differences.

## people we reach

Over the past near-decade, we've screened to more than 5,000 people in King, Snohomish, & Spokane County and across the nation. This community is engaged, loyal, and growing. We stay connected via our:

- Newsletter with more than 2,000 subscribers
- [Justice in Motion](#) podcast
- Year-round screenings, events, and interviews

## become a sponsor

Festival sponsors make it all possible. They receive high visibility throughout the Social Justice Film Festival as well as an opportunity to be a part of the Social Justice Film Institute. Whatever your budget, if you care about social justice film, we want to build this social justice film community with you.
